

## **Bowl-Athon**

A fund-raising Bowl-athon is fun and raises lots of money. Participants get sponsored by pin, collect donations, or both. Lanes are rented at a local bowling alley for the event. Each participant pays for their bowling and their shoe rental. Event organizers may decide to provide snacks and drinks for the bowlers.

Each participant bowls three games. Prizes can be awarded for things like highest score, lowest score, most strikes, etc. One group that ran this event purchased old sports trophies from a thrift store and made new labels for each to give as prizes, as well as giving prizes donated by local businesses, such as clothing items and gift certificates.

After the event, participants collect from their sponsors according to their bowling scores. For example, if they bowled a total of 300 points for 3 games, and someone sponsored them for 1 cent per pin, the sponsor would own them \$3. It is best to encourage sponsors to pledge 5 cents or 10 cents a pin.
